## **Theology 101: I Don't Believe in THAT God**

**Rabbi Beth Nichols**

Beyond the shared belief that there is only one God, Jewish ideas about God are incredibly diverse. One person might picture a God with emotions and opinions who is actively engaged in our daily lives, while another might imagine a God that propels the forces of the universe but does not interact with humanity. Both ideas are compatible with (and even a part of) Jewish tradition. In this class we will consider the major questions we have about God's existence, explore traditional Jewish answers and wrestle with our own opinions. All beliefs are welcome and skepticism is expected!

**\*This course is open to 9<sup>th</sup> and 10<sup>th</sup> graders and is required of all Temple Beth El Confirmation Students**

## **Think Globally, Act Locally: Help Plan Our Hebrew High Day of Service**

**Rob Sisson**

Judaism and *Tikkun Olam* (repairing the world) are synonymous. The values and teachings of Judaism strengthen the idea we are a community and should always help to make the world a better place for us, our community, and the world. No doubt, as a Jewish teenager you have studied these values in the classroom and at home. Our goal is to turn these values into action. We will work together to plan a Hebrew High day of service on Wednesday, November 16<sup>th</sup>. You will have the opportunity to discuss which Jewish values we want to focus on and plan out the entire evening from start to finish, including what we are eating for dinner. All projects will be performed on site. If you are ready to make a difference, this class is for you!!!

**\*This course is open to 11<sup>th</sup> and 12<sup>th</sup> graders**

## **Beyond Koufax: Jews in Sports**

**Rabbi Lexi Erdheim**

Sports have an innate ability to connect people from across the world around a single team, game or athlete. For many, being a part of a sports fanbase is almost like belonging to a religion. So what happens when Judaism interacts with the world of athletics? Why is it that Jews have historically been seen as unathletic? What can sports teach us about Jewish values and priorities? In this class we will study how Jewish perspectives on sports have transformed over time as well as examine how sports can help us strengthen our understanding of and relationship to Jewish values, history, and tradition.

**\*This course is open to 11<sup>th</sup> and 12<sup>th</sup> graders**
